

## LOWER YOUR FOOD PACKAGING COSTS

Optimize your tamper evident packaging process by eliminating preform shrink bands. Our new technology will cut your labor, freight and inventory costs by up to 70%. Don't settle for tamper-resistant bands when the **eatSafe Ringer** can create secure, tamper-evident seals. The **eatSafe Ringer** seals a variety of container sizes and shapes with minimal or no changeover time by using spooled film. Shapes include round, oval, rectangular, party platters and tins in a variety of sizes.

### Designed & Assembled in the USA

- Eliminate preform shrink bands
- Lower your costs by up to **70%**
- Save money on labor, freight and inventory
- Shorten your lead times
- No more stocking of multiple preform sizes
- Tamper-evident seals for a variety of container shapes and sizes
- Easy-open feature (no scissors required!)
- Environmentally friendly
- Multiple sizes, odd-shaped containers
